

I was planning to attend the Reunion, but a siblings road trip has taken precedence and we're leaving from Jerome on the Saturday morning of reunion weekend. Will certainly miss seeing old classmates, but I don't get to see the family very often, so we're taking advantage of the fact that we're all in pretty good health and hitting the road for a couple of weeks.

A short thumbnail sketch of my life for the last 60 years – Jim Seeley and I were married at the U.S. Naval Academy in June 1964, the day after he graduated. I lived in San Diego for four years during which time Jim spent most of that time in Viet Nam. Thereafter I worked for the airline industry for twelve years. Next came a twelve year employment with the PGA TOUR as Merchandise Coordinator for several Tournament Players Clubs and working closely with Jim in the golf industry. Thereafter I was with an international company in the audio industry. And for the next twenty years I worked for a Partner in the venture capital industry.

Jim and I moved to Bandon, Oregon in 2011 where the Bandon Dunes Golf Resort is located. Life was good, playing golf, walking the beach, or just watching the waves roll in. Jim unfortunately passed in January 2020 after a nine month battle with pancreatic cancer. I continue to live here in Bandon where it's not too hot and not too cold – perfect weather.

Only regrets are that we were never blessed with children. Nonetheless, we had a wonderful and happy life together. And we've raised six toy poodles ranging from four pounds to nine pounds each!

Being a country girl, my interests have always been outdoors; thus explaining the attached picture.

Thank you so much for all the work and effort you and the other committee members are putting into the Class Reunion.

Rea Seeley
